

FACT SHEET

OVERVIEW:

Alchemy provides a handcrafted blend of high-quality cannabis and premium botanical extracts that is delivered through a stylish, discreet vaporizer pen. Alchemy is available in four unique blends, each designed to enhance and elevate different types of life experiences in an accessible, enjoyable and consistent way.

Alchemy draws inspiration from aromatherapy, herbalism and the culinary arts, carefully blending natural cannabis oils and botanical extracts (known as terpenes) that are delicately refined, meticulously lab tested and known for their trusted therapeutic effects that enhance the cannabis experience.

Alchemy products are available in both moderate and high strength potencies so consumers can choose the strength that suits their lifestyle. The Alchemy hardware starter kit (including battery and charger) for use with vapor cartridges is sold separately.

PRODUCTS:

Dark Heart alchemists have created four distinctive experiences:

AWAKEN:

The Awaken blend brings citrus, mint and sativa cannabis oil together to invigorate the senses. Citrus oil is known to help relieve stress and anxiety as well as improve cognitive performance and mood, while mint can act as a stimulant and pick-me-up. Available in moderate and high potency options. 750mg cartridge.

Ingredients: Sativa, Lemon Grass, Cinnamon Leaf, Rosemary, Lemon, Peppermint, Black Pepper

INSPIRE:

The Inspire blend brings orange, vanilla, "chai" and hybrid cannabis oil together to promote creativity and inspiration. Orange oil can refresh the senses and has antidepressant properties, while vanilla is also known to arouse the senses. The hybrid cannabis heightens the experience. Available in moderate potency. 750mg cartridge.

Ingredients: Hybrid, Vanilla, Coffee, Sweet Orange, Clove, Cinnamon Leaf, Cardamom

EXPLORE:

The Explore blend brings jasmine, rose, and hybrid cannabis oil together to promote confidence and curiosity. Jasmine is a known aphrodisiac and can have uplifting effects, as well as providing a boost of energy, while rose can improve self-esteem and mental strength. Hybrid cannabis oil adds to the energetic experience. Available in moderate potency. 750mg cartridge.

Ingredients: Hybrid, Vanilla, Jasmine, Rose, Rose Geranium

RELAX:

The Relax blend brings lavender, chamomile and indica cannabis oil together to calm the senses and relieve stress. Lavender's soothing aroma can help slow nervous system activity to help with anxiety, insomnia, stress and depression; chamomile is known to be helpful as a sleep aid. The indica cannabis adds to the relaxing and calming experience. Available in moderate and high potency options. 750mg cartridge.

Ingredients: Indica, Chamomile, Lavender

POTENCY:

Alchemy products are available in two potency options:

- 30% THC moderate potency (available in Awaken, Inspire, Explore and Relax varieties)
- 70% THC Alchemy Gold high potency (available in Awaken and Relax varieties)

EXTRACTION:

Alchemy sources cannabis from a community of expert farmers, and uses super-critical CO2 extraction techniques for the 30% blends, and a distillate process for the 70% blends. Alchemy safe extraction processes utilize the highest quality equipment and ensure concentrates are ultra-pure and free of harmful hydrocarbons. Many of the botanical extracts are derived from steam distilled extraction. Hand-crafted in Oakland, Alchemy products are lab-tested by CW Labs for potency and safety.

DISTRIBUTION:

Alchemy is offered in dispensaries throughout the Bay Area, and via discreet cannabis delivery services like Eaze.com. For a current list of distribution partners, visit www.alchemyblends.com.

BACKGROUND:

Alchemy products are manufactured and distributed by Dark Heart Nursery, California's most sought-after producer of premium quality cannabis starter plants (clones), providing premium plant genetics to farmers since 2007. Dark Heart provides healthy, pest-free, vigorously growing clones, designed to perform every time. Alchemy was developed by Dark Heart in 2015 to fill the needs of new and lapsed users who want a moderate potency product and a consistent, controlled experience they can trust. The company introduced Alchemy Gold high potency products in 2017.
